EXTRA-STRONG CLEANING POWER

nLITE® PowerPad
THE NEXT STEP IN PURE WATER CLEANING

UNGER

Quality Tools for Smart Cleaning

THE nLITE® PowerPad – FOR SENSATIONALLY FAST, EFFECTIVE AND EASY CLEANING WITH PURE WATER..

The **nLITE® PowerPad** is the ultimate alternative to a brush for large glass surfaces on the ground floor and up to the first floor (6 m). The large contact surface ensures high cleaning efficiency, while the intuitive design makes cleaning with pure water noticeably faster, more effective, and easier.

Thanks to continuous rinsing with pure water, users benefit from a continuous self-cleaning effect while working. For different cleaning needs, two specially developed pads are available: the proven microfiber cleaning pad for routine cleaning and the new Spike Pad for intensive cleaning of stubborn dirt.

The perfect tool for dedicated clean water professionals and anyone who wants to discover the pure water technology from market leader **UNGER** for the first time!

360° SWIVEL

- Innovative **360° swivel function** for permanent contact on the glass
- Can be locked in **7 working positions** for every type of use

RINSE BAR

Special **rinse bar** for powerful, uniform rinsing of the pad and glass over the entire width

MICROFIBRE CLEANING PAD

For regular maintenance cleaning of glass surfaces

- Highly effective microfiber technology for streak-free cleaning
- Ideal for light to normal soiling
- High dirt-holding capacity for efficient work

SPIKE PADS

with integrated polyester bristles for intensive cleaning

NEW

- Combination of microfiber and polyester bristles for extra-strong cleaning performance
- Ideal for deep cleaning and stubborn stains such as bird droppings or tree sap
- Removes stubborn dirt faster than a microfiber pad alone

FULLY COMPATIBLE

Suitable for all **nLITE®** and **OptiLoc** pole systems from **UNGER**, can also be used as a hand tool
